Q67. Please think for a moment of a thermometer scale that runs from 0 to 100 degrees, where 50 is the neutral point. If your feelings are warm and sympathetic towards someone, give them a score higher than 50; the warmer the feelings, the higher the score. If your feelings are cold and unsympathetic, give them a score less than 50; the colder your feelings the lower the score. A score of 50 means that your feelings are neither warm nor cold.

First, please give a rating to the following people who are or have until recently played a prominent role in the <Green Party>. If you have cannot rate the person, please tick the box .
