And the LAST QUESTION:

Q73. In 1999, the Green Party had its first Members elected to the European Parliament and to the Scottish Parliament. Greens also did very well in local elections, including the elections to the Greater London Assembly in 2000, and achieved some of its best constituency results ever in the 2001 General Election. What measures do you think should be taken by the Party in the run-up to the next European and General Elections to consolidate and build upon this success?
